

Planning a building project?

- ✓ Start with the Zoning and Planning Department.
- ✓ Go through these decision points to determine which departments will impact your project.
- ✓ Obtain all permit applications once you have a survey or plot plan and building plans.
- ✓ Your application will proceed through the relevant departments as permits are issued prior to construction.
- ✓ Your project will proceed through the relevant departments again after construction is completed to schedule final inspections and/or obtain a Certificate of Occupancy.
