BUSINESS LONGEVITY RECOGNITION PROGRAM

OVERVIEW:

The Business Longevity Recognition Program, established in 2018, was created by the Roxbury Economic Development Committee for the purpose of giving formal recognition to those Roxbury Township businesses that have contributed to the economic well-being of the Township and have demonstrated a commitment to the vitality of Roxbury's business climate.

Note: This recognition is characterized as symbolic in nature and carries with it no encumbrances or promises of special consideration in other business dealing with the Township of Roxbury, but should be regarded as a special honor of gratitude on the part of the Township and the citizens of Roxbury.

AWARD ELIGIBILITY:

This award recognizes local businesses that have served Roxbury Township for an extended period of time. The Economic Development Committee and Township Council recognize the difficulty of sustaining a viable business within a community for an extended period of time. The following two levels of longevity will be recognized:

1. **25 Years:** A business which has been in operation in Roxbury Township for at least 25 years is eligible for recognition by the Economic Development Committee. The recognition includes a presentation of a certificate by the Economic Development Committee and acknowledgement on the Economic Development Committee website.
2. **50 Years:** A business which has been in operation in Roxbury Township for at least 50 years is eligible for recognition by the Township Council. The recognition includes a presentation of a plaque by the Township Council and acknowledgement on the Township's website.

PROCESS:

Any eligible business may submit the Business Longevity Recognition Program Nomination Form to the Economic Development Committee. Forms are accepted on a continuous basis. In order to be eligible for either level of recognition, the business which is nominated must not have any outstanding zoning, construction, fire prevention or other similar violations with the Township and must be current on taxes and applicable utilities.
